

# SHEAFFER'S

OCTOBER 1933

## STANDARD LINE

of

## DESK SETS

Sheaffer, creator of the desk set idea, offers a compact line of staple desk set numbers to be known as the **STANDARD LINE**. Sales figures of many desk set numbers have been checked and the selection of numbers in the **STANDARD LINE**, therefore, represents the most popular, fastest selling sets.

All Sheaffer desk sets are now equipped with the new **SAFETY SEAL** socket that assures instant writing service from your desk set.

The scientific design of this new socket keeps the pen moist for a quick writing start. Place the pen in the socket any way you wish,—it is impossible for the point to rest against the side of the socket. The construction is of an entirely new material, costing considerably more than that formerly used. This new material does not absorb writing fluid and tested in the driest climates, the desk pen does not dry out with ordinary usage.

Sheaffer's Universal Socket joint swings the pen to ready-writing position—an angle of  $45^{\circ}$ —for use on your desk. Or it snaps it flat for stowing in a drawer. Reach for your pen without looking, write with it without first having to shake it. Only Sheaffer's gives this time-saving "reach and write" desk set service. **W.A. Sheaffer Pen Co., Fort Madison, Iowa, U. S. A.**

**File this folder for future reference**

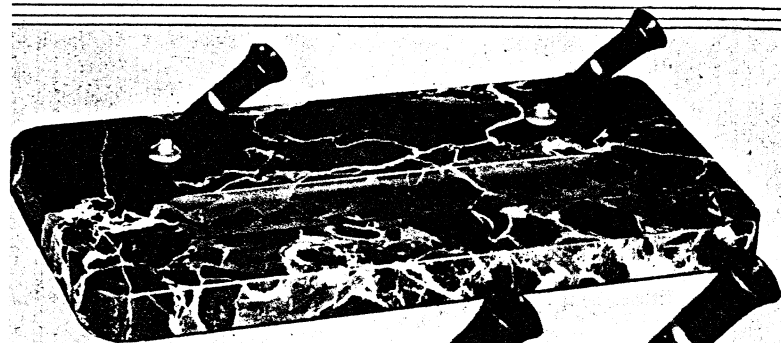

**SERVICEABLE - BEAU**

Every dealer should have one desk lamp on his showcase merchandise within the case makes it possible to demonstrate time of sale under a good light itself is on display and can be used in any circumstances. It has already been used by many people. It is only 9 1/4 inches high and can be placed on a desk with a lamp. The base is black Carrara Marble and is regularly equipped with TOUCH Lifetime Desk Fountain.

# THE RIGHT DESK PEN— FOR EVERY PURSE AND EVERY HANDWRITING STYLE

Fit Sheaffer Desk Sets with Sheaffer desk pens, for only a Sheaffer will make an air-seal for the point in the SAFETY SEAL socket. There is a Sheaffer desk pen for every purse and handwriting style, and Sheaffer's from \$3.00 to \$12.00 are the finest in each price class. The Lifetime Feathertouch is a pen of extreme satisfaction and durability. It balances perfectly in the hand. It fills full with merely one stroke of the lever and writes perfectly to the last drop. It has the famous FEATHERTOUCH point, with platinum covered fluid channel. In regular position it writes a medium line and turned over on the back, it writes a fine, or extra fine line for marginal notations, between-the-line corrections, etc.

The FEATHERTOUCH is supplied in the AUTOGRAPH pen, with a solid gold band on which the signature of the owner can be reproduced exactly as he signs it.

The Lifetime FEATHERTOUCH desk pen—perfect BALANCE, Instant Lever Filler and the famous FEATHERTOUCH two-way point.

### No. 3 DESK PEN

Somewhat smaller than the \$5.00 pen, but has a sturdy, solid 14K gold point, capable of giving excellent service. It has perfect balance, and Sheaffer's Instant Lever Filler.

No. Code	
3D ZYUBW	Black...\$3.00

### THE SHEAFFER DESK PENCIL

Rather than have two desk pens in a double desk set, many prefer a desk pen and a desk pencil. The Sheaffer desk pencil is designed to match the pen in every detail. It fits perfectly into the Sheaffer Desk Set socket and balances restfully in the hand.

No. Code	
SLD ZYBUX	.....\$5.00
Also supplied in the AUTOGRAPH model with solid gold band for reproducing owner's signature in facsimile: No. SLD5 Code BADLA.....\$10.00	

Chromium All-Metal Safety-Seal Sockets are standard equipment on Mexican Onyx bases. Other sets are equipped with banded black Safety-Seal Sockets.
